Education

Indian Institute of Information Technology, Una
Bachelor of Technology in Computer Science Engineering

Dec 2020 - May 2024
CGPA - 9.17 / 10

Experience

Software Developer Intern at **Juntrax** 🔗

Jan 2023 - Present

- Building Version II of Juntrax- a **HRMS** OnBoarding Software.
- Working with MERN stack along with **Typescript** and **Resub** for state management using View-Models.
- Using Libraries like Joi, MaterialUI, Moment etc. for developing components.
- **Tech Stack:** JavaScript, React, HTML, CSS, Bootstrap, Git, JIRA.

Web Developer Intern at **Threat Prism** 🔗

Dec 2021 - Jan 2022

- Tailored an interactive and responsive website with extensive features.
- Engineered frontend solutions, also Overhauled and Diagnosed Bugs during Development.
- **Tech Stack:** HTML, CSS, Javascript, Git.

Projects

Budget Calcy | 🌐 [GitHub](#) 🔗 [Link](#)

June 2022 - July 2022

- Built an online Calculator to compute the budget of individuals using **React18** Functional Components.
- Fully Responsive design pattern using modern **CSS** along with **React hooks** useState, useEffects with **Local storage**.
- **Tech Stack:** Reactjs, HTML, CSS.

College Memories | 🌐 [GitHub](#)

May 2022 - July 2022

- Designed a web application to collect and store memories of my Institute with **CRUD** operational functionalities.
- Implemented **Reactjs** Libraries for frontend design and used **material-UI** to beautify the website.
- Password of user are hashed using **bcrypt** so that their account cannot be accessed or hacked.
- **Tech Stack:** Reactjs, Nodejs, CSS, MongoDB.

Technical Skills

Languages : C, C++, JAVA, Javascript, SQL, HTML, CSS.

Frameworks : Reactjs, Node, Expressjs.

Others : Data Structures and Algorithm, Database Management, Git, GitHub, LINUX, Android Studio, Operating Systems, Object Oriented Programming, Communication.

Achievements

Secured Rank- **2** among **400+** participants in Coderush IIITU by AlgoUniversity 🔗.

Solved **600+** problems with **350+** Mediums on LeetCode 🔗 and GeeksforGeeks 🔗 combined.

Max Rating - **1347** (PUPIL) on CodeForces 🔗, Best Global rank - 2506, Solved **450+** Questions

Max Rating -**1848** (4 Star) on CodeChef 🔗, Best Global rank - 210, Solved **120+** Questions.

Maintained a **Github** repository with **1000+** Solution Codes with **150+** Commits 🔗.

Secured Country rank - 912, Global Rank - 2216 out of 10K Participants in Google KickStart 2022 🔗.

Extra Curricular

Cleared Jumpstart By **Publicis Sapient** 2022 out of 8K Participants.

Represented IIIT Una in TechFest by **IIT Bombay**.

Participated in **Flipkart GRID 4.0** and stood in Top 300 teams.

Leadership

Force - Forum of Computer Engineers 🔗 (Technical Society of IIITU)

May 2022 - Present

Supervised **5+** **events** and day-to-day operations of the club. Overlooked initiatives, raised funds, and organized informative workshops and keynotes to promote learning among beginners and advanced developers alike. Also currently **mentoring 20+** junior members for competitive programming.
